Version 2 or 3 to Version 4 Conversion Guide

This guide is intended to support our customers who want to replace their Version 2 or 3 radio components in their ECX Vehicles to V4. We hope this guide will help to identify which products will fit your needs.

*** We would like to emphasize: our V2/V3 products are NOT defective, but simply discontinued. ***

Table of Contents

V3 Components - *Needs V4 Replacements*

Transmitters

	Page
ECX13001 – 2.4GHz Surface Transmitter, 2-Channel, V2	4
ECX13002 – 2.4GHz Surface Transmitter, 2-Channel, V3	5
ECX13005 – 2.4GHz Surface Transmitter, 2-Channel, V3	6

If replacing a Transmitter with a new V4 unit, you will also have to purchase the corresponding V4 Receiver (RX). Locate your Transmitter in the pages below. Your Transmitters page will direct you to the required corresponding V4 Receiver.

Receivers and ESC/Receivers

ECX11007 – 2.4GHz Mini Crawler ESC/Receiver, Waterproof, V2	7
ECX18001 – 2.4GHz Mini ESC/RX, Waterproof, V2	8
PRB18001 – 2.4GHz ESC/Receiver, Waterproof, V4	9
ECX13003 – 2.4GHz Receiver, Waterproof, 4-Channel, V3	10
ECX13006 – 2.4GHz ESC/Receiver, Waterproof, V3	11

If replacing a Receiver (RX) with a new V4 unit, you will also have to purchase the corresponding V4 Transmitter. Locate your receiver in the pages below. Your Receivers page will direct you to the required corresponding V4 Transmitter.
