The Dynamite® Trade-Up Program REDEMPTION FORM

STEP 2: PLEASE PROVIDE THE FOLLOWING INFORMATION

Model number of the power system or charger you are trading up to: _____

Name of the Hobby Shop used: _____

OR

HorizonHobby.com Order Number: _____

Contact Information (For HorizonHobby.com purchases only)

Name: _____

Address: _____

Phone Number: _____

Email: _____

IMPORTANT: HorizonHobby.com customers must enter the order number indicated in your confirmation email.

STEP 3: DELIVER YOUR FORM AND COMPLETE THE REDEMPTION PROCESS

If you are making an eligible purchase in-store, print out this redemption form and bring it to a participating retailer along with your trade-in power system or charger.

It is recommended that you take advantage of this offer through your local hobby shop in order to avoid shipping costs associated with shipping your trade-in product to Horizon Hobby.

If you are making an eligible purchase on HorizonHobby.com, you must first purchase a qualifying power system or charger at full price, and then email your completed redemption form with the online order number of your qualifying purchase to Horizon Hobby Customer Service (customersupport@horizonhobby.com). The subject line of your email should read, "DynamiteTrade-Up Redemption Form." Please allow 5 days for a reply that will include your RA number and instructions for the shipping of your trade-in power or charging system. Only a qualifying purchase on HorizonHobby.com will receive a valid RA number. Refer to the table in STEP 1 of the DynamiteTrade-Up Redemption Form for a list of qualifying purchases. Trade-ins without an RA number will not be approved. When an Horizon Hobby representative has approved your trade-in, they will issue a credit to the method of payment you used to purchase the qualifying power system or charger. Horizon Hobby LLC is not responsible for shipping costs or lost shipments associated with shipping trade-in power systems or chargers to Horizon Hobby.

To receive the trade-in discount in-store, you must purchase a new qualifying power system or charger from a participating retailer (see upgrade list in STEP 1). The trade-in power system and charger must be surrendered at time of purchase. The trade-in power system and charger does not have to be in working order to be eligible, but acceptance of a trade-in power system and charger is at the sole discretion of the participating retailer and may be denied for any reason. Trade-in cannot be redeemed for cash. Trade-in discount will apply to subtotal at checkout. For discounts, refer to Step 1 of the Trade Up Redemption Form. One trade-in power system and charger allowed per purchase.

TERMS AND CONDITIONS

Horizon Hobby LLC is not responsible for costs associated with shipping trade-in power system or charger to Horizon Hobby. Only qualifying online purchases will receive a valid RA number. Trade-ins received without an RA number will not be accepted. Offer through HorizonHobby.com is only available to U.S. residents. Trade Up purchases in Canada must be made at a participating Horizon Hobby retailer.

INSTRUCTIONS FOR AUTHORIZED HORIZON HOBBY RETAILERS:

If you have any questions about participation in this program, refer to the Fast Serve® website, contact your Horizon Hobby account manager or email Horizon Hobby Customer Service at customersupport@horizonhobby.com.
